Subject: Open Records Request
Date: Friday, March 17, 2017 5:11:43 PM

Mr. Sabol,

I am writing today to request information regarding requests from Mr. Richard Pichotta and/or Mr. Joe Hohmann for information regarding Cardinal Industries, Mayville Manufacturing, or the Tech Ed program from January 2016 to today. I would like to determine if you or the Board of Education have been contacted for more information about these items. If so, I would like to request copies of any communication between yourself and the above mentioned individuals that may exist regarding these programs.

The source of this request is that there is misinformation being spread about the programs and I would like to determine the source of the incorrect information. If no such communication exists, also please advise. Time is of the essence for this request, and I would appreciate an urgent response to see if the information exists and if so, how much it would cost to receive copies of this information.

Please consider this an Open Records Request pursuant to Wisconsin Stat. § 19.31 et seq. I will reimburse you pursuant to statute for any charges incurred copying the files.

Thanks and best regards,

Mayville, WI 53050
